LGBTQIA Health Advocacy

Advocates are available to help you navigate on- and off-campus health resources, coordinate care, and advise about LGBTQIA health concerns

Get FREE safer-sex supplies on campus!

- Resource Center for Sexual and Gender Diversity
- Queer & Trans Health Advisor office (Student Health 1714, blue hallway)
- Student Health information desk (external condoms only)

"Without community, there is no liberation."

—Audre Lorde

Connect with LGBTQIA peers!

Being in community with other LGBTQIA people reduces internalized homophobia and transphobia and improves mental and physical health. Check out campus and community organizations for LGBTQ folks at tinyurl.com/lgbtorganizations

Fall 2017 Events

Check out the RCSGD calendar for more!

Being Queer Living Here

Closed-space (LGBTQIA or questioning folks only) discussions on topics affecting our community. Refreshments will be provided. Check in at the RCSGD for more details!

Oct. 5 Alcohol and Drugs as Self Care

Oct. 19 Navigating Hookup Culture

Nov. 11 Food & Body Image

Nov. 16 Building Queer Love

Other Exciting Events

- Themed meditation every other Wednesday
- Resiliency and affirmation events around the holiday break
- IdentiTEAs—this Fall, look for events centering QTPOC & asexual folks.

Gender-inclusive Bathrooms

You have the right to use the bathroom that aligns with your identity.

Gendered and non-gendered restrooms are available for all our students. California law requires that all single-stall bathrooms in the state be designated all-gender. UCSB also has a few multi-stall inclusive restrooms.

Find an interactive map of all campus gender-inclusive bathrooms at tinyurl.com/ucsbbathrooms

A list of Isla Vista businesses and community resources with inclusive restrooms is coming soon! Check in at the RCSGD or the Queer & Trans Health Facebook page for more information.

Clinical Resources

UCSB is undergoing an exciting new health initiative to improve clinical resources for LGBTQIA students. Clinical resources include:

- Affirming primary care and mental health services
- Sexual health counseling
- Gender transition care
- STI testing and treatment
- HPV vaccines
- Body-positive nutrition counseling
- Information and support for alcohol and drug concerns

Reach out to your Queer & Trans Health Advisor for more information!
